### SKILL

- C
- C++
- Java
- Python
- Php
- html
- Css
- Java script

### SKILLS & INTEREST

1. I am a Bca student and I want to learn many programming languages and codings. I am good at the languages like C, C++, Java, Php, Python, html etc.,...I want to create more codings and programs. I had more interest to develop from these myself. I had a lot of extra curricular activities too.
